## A NEW STRIKE MOVE

National Convention of Miners Call to Meet at Indianapolis.

## OTHERS MAY GO OUT

The Plan Is to Induce All Soft Coal Miners to Quit Work in Order to Help Secure Terms from Anthracite Operators.

Wilkesbarre, Pa., June 18.—The long expected call for a special national convention of the United Mine Workers of America has been issued by national President Mitchell at strike headquarters, to be held at Indianapolis at earliest possible date. Date of convention will be fixed by W. B. Wilson, national secretary, at Indianapolis. The convention will be held for the purpose of discussing advisability involving all soft coal miners in the United States in the struggle now going on.

President Mitchell is extremely uncommunicative as to what the probable action on the convention might be if the delegates should decide to inaugurate a national suspension of coal mining, everybody at strike headquarters, believe it would have a disastrous effect on the industries of the country. The supply of coal would become so short that large and small industrial establishments would be compelled to suspend operations, and many railroads also will probably suffer.

The great barrier to be overcome in the campaign for national suspension is the yearly wage scale agreement that many of the soft coal miners have with companies. These agreements are looked upon as contracts, and a large percentage of miners of the west are rather adverse to breaking them. The principal bone of contention in the anthracite region is the yearly wage agreement.

Those opposed to a general strike use the argument that if soft pit miners break contracts and go on a strike to help the anthracite men they will be losing in the west what hard coal miners are fighting for in the east.

## OBJECT TO DECISION.

Much Indignation in San Salvador Over the Burrell Case.

New Orleans, June 18.—Late news from the republic of San Salvador indicates a state of frenzy aroused by the recent decision of the Washington court of arbitration in the Burrell case. The president of the republic and members of the assembly have signed a pronouncement to the people declaring the decision was a scandal and a crime; that the judges were bribed; that the Salvadoran representatives were treated in a scandalous fashion and that Dr. Saldivar, one of the Salvadoran representatives, was recreant to his trust and now is in Europe to escape the results of his actions.

## Bob Ford's Widow Dead.

Durango, Colo., June 18.—Mrs. Margaret Feeney, wife of a horse jockey, committed suicide here by taking morphine. She was separated from her husband. She was the widow of Bob Ford, the slayer of Jesse James and lived with him at Creede during the wild days of that camp. She bore the scar of a bullet wound on her body given by Ford in one of his outbursts. Her second husband was killed in a mine accident.

## Refused to Admit Will to Probate.

New York, June 18.—Surrogate Fitzgerald, after the attorney for Albert T. Patrick had closed the evidence on his behalf in regard to the alleged will of William M. Rice, said it had been executed in September, 1900, announced he would refuse to admit the will to probate on the ground that proof as to the will's due execution was insufficient. The surrogate then proceeded to take evidence as to the 1896 will.

## Attempted Lynching.

Vincennes, Ind., June 18.—Great excitement was occasioned here early this morning by a report that a mob was on its way to the jail to secure possession of Wm. Edison, who has been in custody on charge of assaulting a three-year-old girl. The mob was partially formed, but officers nipped the attempt before large enough to do any harm.

## A Young Man Stabbed.

Sherman, Tex., June 18.—In a street affray here Tuesday night Garland Cannon, a young man residing in the Mulberry Bend section, received four severe knife wounds in the back. He was unable to furnish the name of his assailant to the police. It is impossible to determine the results of the wounds.

## DIED WITHOUT CARE.

Miser Found Dead in a Miserable Basement Though Wealthy.

New York, June 18.—In the basement of 65 West Houston street, which was both his home and workshop, Camille LeMoine was found dead. In his pocket was \$178.75 and a gold watch and chain were found and in a strong box were deeds of property estimated to worth of \$50,000, but he lived like a man in dire poverty and died uncared for and alone. A kitten, that was his only companion, lay beside the body of the miser.

LeMoine was 57 years of age and was a clever mechanic and manufactured tools and dyes used in the manufacture of artificial flowers. It was said he once served in the French army but he never told much of his life even to his intimate friends and he had few of these. He slept on a wretched bed in the rear of the little shop and ate sparingly at the cheapest restaurants. The police say he spent less than fifteen cents a day for food.

Most of the property, to which deeds were found, is in Hoboken.

It is not known whether LeMoine has any relatives living or not, so the public administrator took charge of the money and papers and the body was sent to the morgue.

## REVIEWING COURTMARTIAL

Crowninshield Inclined to Set Aside the Court Inquiry as a Farce.

London, June 18.—The text of the findings of the court of inquiry in case of the United States naval officers imprisoned at Venice in latter part of April throws new and important light on affairs. It now appears the United States council at Venice, Henry A. Johnston, and a lawyer provided by him for the defense, urged the officers to plead they were violently drunk. This they utterly declined to do.

Rear Admiral Crowninshield, commanding the European squadron in reviewing the finds of the court severely censures Capt. James H. Dayton, commander of the Chicago for not personally attending to the defense of the officers and comments on the revolting indignation suffered by officers whole were confined at Venice. Under such circumstances Admiral Crowninshield holds a courtmartial to be a "farce."

## INVADED BY SMUGGLERS.

Cuba Suffering from Lack of Cutters to Guard Her Coast.

Havana, June 18.—The non-arrival of the United States consul general to Havana and the consuls appointed to Matanzas, Cienfuegos and Santiago has resulted in seriously crippling commerce with the United States.

Since the evacuation of the island by the United States forces, smuggling along the Cuban coast have been increased enormously. The collectors of half a dozen ports are constantly requesting the assistance of revenue cutters. The chief offenders are smugglers from Jamaica, Nassau and Barbadoes. There are only two cutters available to guard 2000 miles of coast line.

## TROUBLESOME REDS.

Threat from Apaches if Their Beef Supply Is Cut Off.

Washington, June 18.—The war department has transmitted to the interior department information that trouble is threatened among the Apache Indians on the San Carlos reservation in Arizona on account of the proposed shutting off of beef and other rations after July 1 next. Governor Murphy of Arizona is in the city, and has received a dispatch along the same line. As the result of these reports it is understood the interior department will suspend the order of discontinuance of rations, pending investigation.

## Maine Democrats.

Bangor, Me., June 18.—The Democratic state convention Tuesday nominated Hon. S. W. Gould of Skowhegan for governor.

The platform deprecates "policy which has created occasion for acts of cruelty and barbarity in the Philippines which no party dares uphold," denounces "the policy of imperialism as practiced by Spain in Cuba, by the British government in America before the revolution, by Great Britain in South Africa and by the Republican administration in the Philippines," and urges that the same liberty be granted to the Philippines as was given Cuba.

After transacting its business the convention listened to a characteristic address by Congressman Champ Clark of Missouri.

## ANOTHER SCHOOL SECURED.

BRYAN GETS THE FREE BAPTIST  
COLLEGE.

## INITIAL TERM OPENS IN SEPTEMBER.

Grounds and Building Purchased—Fac-  
ulty Selected—List of the  
Directors.

The board of directors of the  
Free Baptist College Association,  
after carefully considering the  
claims of several points in Texas,  
have determined to locate the edu-  
cational institution they are about  
to establish, at Bryan. The school  
was projected some months ago  
and Rev. A. M. Stewart, A. B., A.  
M., of Bryan, was elected presi-  
dent. He has traveled extensiv-  
ly since in organizing the work  
and raising funds for it. The  
College will be conducted under  
the direction of a board of directors  
representing the Free Baptist de-  
nomination, which is growing in  
numbers and influence in Texas,  
Arkansas and the Indian Terri-  
tory. The directors have pur-  
chased the Masonic lodge building  
and grounds in this city for a  
nucleus for the school and will add  
to the grounds and equipment as  
occasion may require. Meanwhile,  
the present building, a two story  
structure, will be remodeled and  
improved at considerable expense,  
and made adequate for present  
needs.

The college will be conducted on  
the co-educational plan, with  
primary, academic and collegiate  
departments. The curriculum  
will be broad and comprehensive,  
embracing science, languages,  
literature, and later on, theology.  
The initial term will open in  
September with Mrs. A. P. Ander-  
son at the head of the primary de-  
partment, Mrs. J. N. Goodwin at  
the head of the academic, and Rev.  
A. M. Stewart of the collegiate.

The association takes the form of  
a joint stock company and the peo-  
ple of Bryan have subscribed for a  
considerable portion of the stock.  
The board of directors is composed  
of the following: Dr. J. N. Good-  
win, president, Wellborn, Texas;  
Tom A. Searcy, secretary, Bryan;  
J. W. Matthews, Hartsborn, I. T.;  
Mrs. P. E. Cook, Valley Springs,  
S. D.; G. M. Hopkins, Branch,  
Ark.; H. B. Bennett, Coppell,  
Texas; J. F. Sheffield, Spruger,  
Texas; Rev. R. B. Easley, Com-  
anche, Texas; M. G. Buchanan,  
Harvey, Texas; Prof. T. D. Cloud,  
Kurten, T. D. Ross, Clayton, Tex  
as.

Rev. A. M. Stewart is an educa-  
tor of experience and enters the  
work fully equipped in every re-  
spect. In conversation with the  
Eagle reporter on a recent occasion  
Hon. R. T. Milner of Rusk, for-  
merly speaker of the Texas house  
of representatives, said: "Speak-  
ing of the Free Baptist college  
movement, they have a fine man  
at the head of it in the person of  
Rev. A. M. Stewart. I have  
known him for a number of years.  
He was engaged in school work  
in East Texas for ten years and  
built up two splendid schools in  
that section, Lone Star Institute  
and Hewett Institute. He com-  
bines splendid executive ability  
with the other qualifications neces-  
sary for successful school work."

Mrs. Goodwin, principal of  
academic department is a graduate  
of Baylor female college and of the  
Sam Houston Normal institute.  
She has had some experience in  
school work and belongs to a fam-  
ily of teachers. She is well equip-  
ped for the duties devolving upon  
her.

The people of this city well  
know the superior qualifications of  
Mrs. Anderson in primary work.  
She has had many years of suc-  
cessful practical experience, and  
needs no introduction or praise at  
our hands. The thanks of the  
people are due to those public-  
spirited citizens, who with their  
time and means, have aided in  
securing the location of this school.  
It will grow with the years in  
attendance, influence and popular-  
ity and is a most valuable addi-  
tion to our important and varied  
educational interests.

The only butchers in town who  
take advantage of the splendid cold  
storage facilities of the Bryan Ice,  
Storage and Coal Co. are Konecny  
Bros. That is why their meats are  
far superior to those of other deal-  
ers.

## A ROUND OF PLEASURE.

Moonlight Excursion, Ball and Barbecue  
at the Astin Plantation.

An ideal plantation home in the  
midst of broad and fertile acres  
with flower bordered lawns, cool  
verandas, tall trees, copious arte-  
sian wells, driveways and even a  
railroad running almost within a  
stone's throw of the front door.  
Such is the residence of Mrs. O.  
H. Astin, near Mumford in the  
Brazos valley, and such was the  
scene of a brilliant social gather-  
ing Tuesday evening. Add to the  
picture the perfection of a moon-  
light summer night, supplemented  
by scores of torch lamps through-  
out the grounds, an army of ser-  
vants, a long table from which the  
aroma of tempting barbecued  
meats was wafted over the cotton  
fields, and last, but not least, a  
company of merry guests dancing  
to the music of a string band, and  
you have the scene complete.

The affair was the climax of the  
round of enjoyment the past week  
of a house party entertained at the  
Astin home, and a big crowd went  
out from Bryan on a special run by  
the I. & G. N. The train ran over  
the I. & G. N. to Mumford and  
then down the H. & B. V. to the  
Astin place. It was in charge of  
Conductor G. H. Seawell and  
Master Mechanic W. C. Burel,  
with Engineer L. Delhomme and  
Fireman McCauley in the cab.  
As usual the I. & G. N. boys were  
courteous and obliging, and gave  
splendid service.

The guests were received on the  
veranda by Mrs. O. H. Astin, Mrs.  
W. E. Astin and Mrs. E. H. Astin,  
and in the hall by Miss Astin and  
her guests, Miss Tarlton of Hills-  
boro, Misses Garrett and Tenison  
of Dallas and Miss Harbers of  
Bryan. Everybody was made to  
feel thoroughly at home at once,  
and the occasion was one of  
thorough enjoyment for all. One  
half of the lawn was covered by an  
immense tarpaulin for dancing,  
while the other half was occupied  
by chairs and settees. There was  
not a dull moment during the  
evening and all were sorry when  
the time for good nights came.

## A MILITARY COMPANY.

Bryan is to Have a Good One—Will  
Organize Tonight.

E. E. Walker and George Winters  
have secured the requisite number of  
men to form a military company in  
Bryan and have been in correspon-  
dence with Adjutant General Scurry  
about the matter. A meeting will  
be held at the K. of P. hall tonight  
at 8:30 for organization. All inter-  
ested are requested to be on hand  
promptly.

The Eagle is glad to observe this  
movement. Bryan has a good fire  
department and a good military band  
and there is no doubt that we need a  
first-class military organization. It  
will help the town and help the fair,  
and should receive the hearty en-  
couragement of all. The young men  
who have agreed to become members  
are the right sort of material, and all  
they need is a little encouragement  
to secure for Bryan a crack company.  
Let all who are interested attend the  
meeting tonight.

## ANOTHER SCHOOL SECURED.

BRYAN GETS THE FREE BAPTIST  
COLLEGE.

## INITIAL TERM OPENS IN SEPTEMBER.

Grounds and Building Purchased—Fac-  
ulty Selected—List of the  
Directors.

The board of directors of the  
Free Baptist College Association,  
after carefully considering the  
claims of several points in Texas,  
have determined to locate the edu-  
cational institution they are about  
to establish, at Bryan. The school  
was projected some months ago  
and Rev. A. M. Stewart, A. B., A.  
M., of Bryan, was elected presi-  
dent. He has traveled extensiv-  
ly since in organizing the work  
and raising funds for it. The  
College will be conducted under  
the direction of a board of directors  
representing the Free Baptist de-  
nomination, which is growing in  
numbers and influence in Texas,  
Arkansas and the Indian Terri-  
tory. The directors have pur-  
chased the Masonic lodge building  
and grounds in this city for a  
nucleus for the school and will add  
to the grounds and equipment as  
occasion may require. Meanwhile,  
the present building, a two story  
structure, will be remodeled and  
improved at considerable expense,  
and made adequate for present  
needs.

The college will be conducted on  
the co-educational plan, with  
primary, academic and collegiate  
departments. The curriculum  
will be broad and comprehensive,  
embracing science, languages,  
literature, and later on, theology.  
The initial term will open in  
September with Mrs. A. P. Ander-  
son at the head of the primary de-  
partment, Mrs. J. N. Goodwin at  
the head of the academic, and Rev.  
A. M. Stewart of the collegiate.

The association takes the form of  
a joint stock company and the peo-  
ple of Bryan have subscribed for a  
considerable portion of the stock.  
The board of directors is composed  
of the following: Dr. J. N. Good-  
win, president, Wellborn, Texas;  
Tom A. Searcy, secretary, Bryan;  
J. W. Matthews, Hartshorn, I. T.;  
Mrs. P. E. Cook, Valley Springs,  
S. D.; G. M. Hopkins, Branch,  
Ark.; H. B. Bennett, Coppell,  
Texas; J. F. Sheffield, Spruger,  
Texas; Rev. R. B. Easley, Com-  
anche, Texas; M. G. Buchanan,  
Harvey, Texas; Prof. T. D. Cloud,  
Kurten, T. D. Ross, Clayton, Tex  
as.

Rev. A. M. Stewart is an educa-  
tor of experience and enters the  
work fully equipped in every re-  
spect. In conversation with the  
Eagle reporter on a recent occasion  
Hon. R. T. Milner of Rusk, for-  
merly speaker of the Texas house  
of representatives, said: "Speak-  
ing of the Free Baptist college  
movement, they have a fine man  
at the head of it in the person of  
Rev. A. M. Stewart. I have  
known him for a number of years.  
He was engaged in school work  
in East Texas for ten years and  
built up two splendid schools in  
that section, Lone Star Institute  
and Hewett Institute. He com-  
bines splendid executive ability  
with the other qualifications neces-  
sary for successful school work."

Mrs. Goodwin, principal of  
academic department is a graduate  
of Baylor female college and of the  
Sam Houston Normal institute.  
She has had some experience in  
school work and belongs to a fam-  
ily of teachers. She is well equip-  
ped for the duties devolving upon  
her.

The people of this city well  
know the superior qualifications of  
Mrs. Anderson in primary work.  
She has had many years of suc-  
cessful practical experience, and  
needs no introduction or praise at  
our hands. The thanks of the  
people are due to those public-  
spirited citizens, who with their  
time and means, have aided in  
securing the location of this school.  
It will grow with the years in  
attendance, influence and popular-  
ity and is a most valuable addi-  
tion to our important and varied  
educational interests.

The only butchers in town who  
take advantage of the splendid cold  
storage facilities of the Bryan Ice,  
Storage and Coal Co. are Konecny  
Bros. That is why their meats are  
far superior to those of other deal-  
ers.

### A ROUND OF PLEASURE.

Moonlight Excursion, Ball and Barbecue  
at the Astin Plantation.

An ideal plantation home in the  
midst of broad and fertile acres  
with flower bordered lawns, cool  
verandas, tall trees, copious arte-  
sian wells, driveways and even a  
railroad running almost within a  
stone's throw of the front door.  
Such is the residence of Mrs. O.  
H. Astin, near Mumford in the  
Brazos valley, and such was the  
scene of a brilliant social gather-  
ing Tuesday evening. Add to the  
picture the perfection of a moon-  
light summer night, supplemented  
by scores of torch lamps through-  
out the grounds, an army of ser-  
vants, a long table from which the  
aroma of tempting barbecued  
meats was wafted over the cotton  
fields, and last, but not least, a  
company of merry guests dancing  
to the music of a string band, and  
you have the scene complete.

The affair was the climax of the  
round of enjoyment the past week  
of a house party entertained at the  
Astin home, and a big crowd went  
out from Bryan on a special run by  
the I. & G. N. The train ran over  
the I. & G. N. to Mumford and  
then down the H. & B. V. to the  
Astin place. It was in charge of  
Conductor G. H. Seawell and  
Master Mechanic W. C. Burel,  
with Engineer L. Delhomme and  
Fireman McCauley in the cab.  
As usual the I. & G. N. boys were  
courteous and obliging, and gave  
splendid service.

The guests were received on the  
veranda by Mrs. O. H. Astin, Mrs.  
W. E. Astin and Mrs. E. H. Astin,  
and in the hall by Miss Astin and  
her guests, Miss Tarlton of Hills-  
boro, Misses Garrett and Tenison  
of Dallas and Miss Harbers of  
Bryan. Everybody was made to  
feel thoroughly at home at once,  
and the occasion was one of  
thorough enjoyment for all. One  
half of the lawn was covered by an  
immense tarpaulin for dancing,  
while the other half was occupied  
by chairs and settees. There was  
not a dull moment during the  
evening and all were sorry when  
the time for good nights came.

## KILLED BY LIGHTNING

Four Men Struck While Working in a Potato Patch Near Sherman.

Sherman, Tex., June 18.—The bodies of William Coleman, George Bratcher, Tom Bratcher and Henry Conwell, bearing unmistakable evidence of having been killed by a bolt of lightning, were found in Coleman's potato field on the Sanborn ranch, four and a half miles south of Southmayd, west of Sherman, Tuesday morning. To all appearances life had been extinct about two hours when they were discovered. This theory is borne out by the statements of parties who live near the Coleman place to the effect that a vivid flash, accompanied by a sharp report, was seen in that vicinity. Coleman was the elder of the four men and was married, having a wife and three small children. The other victims were all single men and had all been boarding at the Coleman house.

The clothing of nearly everyone of the men was badly burned and ripped. Their hair and beards were singed. Hardly a bone in either of the bodies seems to have been left intact.

## RUSH FOR LANDS.

Crowd Races for Homestead in the New Fort Hall Reservation.

Pocatello, Idaho, June 18.—Tuesday 1300 men and boys of all ages rushed across the line of the ceded Fort Hall reservation and disappeared in a cloud of dust in their mad rush for homesteads and mineral lands. Most of them were mounted on horses and ponies, a majority heavily armed. Probably 1000 persons departed later with pack animals. Before 2 o'clock Pocatello was entirely destroyed.

Many signs of trouble were apparent before the starting signal was given. In scores of instances it was known three or more men intended to locate on the same piece of land.

## Fire at Shreveport.

Shreveport, La., June 18.—A large fire broke out here Tuesday on Texas avenue, destroying Allen & Curry's lumber mill, Snyder's wagon factory, the residence opposite known as the Rose place, and several small buildings. The losses aggregate at least \$150,000. Allen & Curry had \$22,000 insurance.

## Captain Beall Killed.

### KILLED BY LIGHTNING

Four Men Struck While Working in a Potato Patch Near Sherman.

Sherman, Tex., June 18.—The bodies of William Coleman, George Bratcher, Tom Bratcher and Henry Conwell, bearing unmistakable evidence of having been killed by a bolt of lightning, were found in Coleman's potato field on the Sanborn ranch, four and a half miles south of Southmayd, west of Sherman, Tuesday morning. To all appearances life had been extinct about two hours when they were discovered. This theory is borne out by the statements of parties who live near the Coleman place to the effect that a vivid flash, accompanied by a sharp report, was seen in that vicinity. Coleman was the elder of the four men and was married, having a wife and three small children. The other victims were all single men and had all been boarding at the Coleman house. The clothing of nearly everyone of the men was badly burned and ripped. Their hair and beards were singed. Hardly a bone in either of the bodies seems to have been left intact.

### RUSH FOR LANDS.

Crowd Races for Homestead in the New Fort Hall Reservation.

Pocatello, Idaho, June 18.—Tuesday 1300 men and boys of all ages rushed across the line of the ceded Fort Hall reservation and disappeared in a cloud of dust in their mad rush for homesteads and mineral lands. Most of them were mounted on horses and ponies, a majority heavily armed. Probably 1000 persons departed later with pack animals. Before 2 o'clock Pocatello was entirely destroyed.

Many signs of trouble were apparent before the starting signal was given. In scores of instances it was known three or more men intended to locate on the same piece of land.

### Fire at Shreveport.

Shreveport, La., June 18.—A large fire broke out here Tuesday on Texas avenue, destroying Alien & Curry's lumber mill, Snyder's wagon factory, the residence opposite known as the Rose place, and several small buildings. The losses aggregate at least \$150,000. Allen & Curry had \$22,000 insurance.

### Captain Beall Killed.

### Notice.

Patrons of the Bryan Water, Light & Power Co., who continue the useless and extravagant waste of water, by turning it on and permitting it to run without holding the hose in the hand, (as required) for hours at a time and frequently all night depriving those on the same line from getting water for domestic purposes—will without further notice be cut out, if caught violating the rules again. We did hope that parties would stop wasting the water without being forced to use harsh means. Parties violating the rules would be surprised, yes, indignant if they were presented with a bill for the amount of water they use. Those who have meters running are exempt from this notice but will be expected to pay for all the water used. No person will be furnished with water to sprinkle—who does not use a meter. One dollar will be charged for cutting off and one dollar for turning on.

### To Our Patrons and the Public.

The present proprietor did not make the advance in prices, and is glad to announce he has made arrangements to reduce them as above stated.

## CUBAN RECIPROCITY

Republican Members of Senate Committee Accept Spooner Bill.

### CONFERENCE ASKED

Senator Elkins Says Congress Will Adjourn Without Taking Any Action but Senator Foraker Thinks Some Will Be Taken.

Washington, June 18.—The Republican members of the senate committee on Cuban relations has finally agreed to the acceptance of the Spooner bill providing for reciprocity with Cuba.

After the meeting adjourned the text of the bill was made public. It is a substitute for the house bill and is as follows:

"When the Republic of Cuba shall have enacted a law or laws establishing preferential rates of customs duties on any or all articles the growth, production or manufacture of the United States imported into Cuba, which preferential rates shall in the opinion of the president of the United States constitute a satisfactory equivalent for the reduction hereinafter provided in the rate of customs duties upon articles, the growth, production or manufacture of Cuba, imported into the United States, and he shall so declare by proclamation thereupon and thereafter so long as such preferential duties shall be continued by the government of Cuba, not longer, however, than five years, the duties levied, collected and paid upon such articles so exported from Cuba to the United States shall be 80 percentum of the duties specified in the act entitled 'An act to provide revenue for the government and to encourage the industries of the United States,' approved July 24, 1897, and any amendment thereof; provided however, that it shall be the duty of the president to thoroughly investigate, through the diplomatic representatives of the United States in Cuba and by such other means as he may deem necessary to employ for the purpose, whether the tariff concession hereinbefore provided upon articles the growth, production or manufacture of Cuba substantially insures, so far as the articles of sugar and tobacco are concerned, to the benefit of the producers of said articles in Cuba, and if the president shall be satisfied from such investigation that the substantial benefit of the said concession upon either of said articles is inuring to the purchasers thereof, individual or corporate in the United States it shall be his duty to so declare by proclamation to that effect, and thereupon and thereafter so long as said conditions shall continue there shall be levied and collected upon such articles or that one of them as to which said conditions exist, the rate of duty levied and collected by law upon such article or articles coming into the United States from other foreign countries."

Senators Elkins, Burrows, Dietrich and Foraker later called at the White House and discussed Cuban reciprocity with the president. The attitude of the president now is regarded more that of a listener than an adviser, he having expressed himself in his special message as to the duty of congress toward Cuba. Senator Elkins remarked at the White House that congress would adjourn without action of any kind on Cuban reciprocity.

Senator Foraker on the other hand predicted that some sort of an agreement would be reached before long.

Interest in the question of Cuban reciprocity is centered in the conference of Republican senators to be held at the request of the Republican members of the committee on Cuban relations.

The sugar men have been so encouraged by recent occurrences that many of them claim that the conference decision will be adverse to any legislation whatever in the interest of Cuba. They still claim 20 Republicans will oppose any effort at legislation on the floor of the senate, and they assert that there are many others of their colleagues who are in sympathy with them and will so express themselves in the privacy of the conference room. This showing they believe will be such as to convince the advocates of reciprocity of the futility of their move and cause them to abandon the effort without taking the question to the senate. The friends of the measure, however, say there can be no doubt that the conference will have preference for the Spooner bill, and that it will be reported to the senate by the committee having it in charge.

## PEACE IN TRANSVAAL.

Surrender Complete and Government in Hands of Civil Authorities.

London, June 18.—A dispatch from Lord Kitchener dated Pretoria, June 16, announces the additional surrender of 915 Boers. This completes the surrenders in the Transvaal. Lord Kitchener concluded as follows:

"I have handed over the South African constabulary to the civil authorities as the necessity for further military operations has ceased."

**Irish Will Not Take Part.**

London, June 18.—At a meeting the Irish members of the house of commons resolutions to the effect that the Irish Nationalists, as a protest against the government, resolved to take no part in the present coronation ceremonies, and that the Irish party be summoned to meet in Dublin on the day of King Edward's coronation to take into consideration the condition of Ireland, were unanimously adopted.

## HOPKINS WINS.

Defeats Harrison in Contest for Control of Illinois Democracy.

Springfield, Ill., June 18.—Clerk of the supreme court—John L. Pickering of Springfield.

State treasurer—George W. Diddleston of Chicago.

Superintendent of public instruction—Anson T. Bliss of Hillsboro.

Trustees of the State university—Dr. J. Holmes Smith of Chicago, J. A. White of Urbana and S. S. Paxton of Monmouth.

Clerk of the appellate court of the Third district—J. H. Baker of Sullivan.

The foregoing ticket was nominated by the Democratic state convention Tuesday, and John P. Hopkins was re-elected chairman of the state central committee after a bitter contest with Carter H. Harrison of Chicago.

The election of Chairman Hopkins produced the only fight in the convention. The day was full of clashes between Hopkins and Harrison. The two men indulged in acrimonious quarrels in the St. Nicholas hotel during the morning, in which Hopkins bitterly resented criticisms made by Harrison. Later Harrison and his friends succeeded in beating Hopkins in the district caucus for state committee-man and elected Thomas J. McNally of Chicago in his stead, but in the caucus of the general committee appointed to select the chairman Hopkins gained a victory.

Being selected by a majority, a minority report favoring the election of Harrison was made and the fight carried upon the floor of the convention. This struggle produced wild excitement. The delegates at times were frantic and criticisms highly personal in their nature were frequently exchanged, but the majority report seating Hopkins was passed by a vote of 862 to 397.

In the contests for state treasurer and clerk of the supreme court George W. Diddleston of Chicago and John L. Pickering of Springfield were nominated on the first ballot.

The other nominees were chosen by acclamation.

The committee on resolutions had a long and stormy session before their report was finally adopted. They were so long at this task that all the nominations had been made and half the delegates had left the hall when the report was read and adopted, as follows:

"The Democrats of Illinois in state convention declare their adherence to the fundamental principles of the Democratic party as laid down in the Declaration of Independence and the constitution of the United States and affirmed at our last national convention."

This was considered by the opponents of silver a too specific declaration in favor of the Kansas City platform and headed by John C. Richberg and Adolph Krause of Chicago they fought it. For three hours the debate went on and the plank was amended to read:

"All fundamental principles of the Democratic party, etc., repeatedly affirmed by past Democratic conventions."

No effort was made to bring in the name of W. J. Bryan.

## REBELS HOPEFUL.

They Believe They Will Overthrow Castro's Administration Soon.

New York, June 18.—Owing to the news of an exodus of a large number of President Castro's supporters from Venezuela, coupled with recent defeats suffered by the government, the revolutionists are hopeful of overthrowing Castro in the ensuing month, says a Herald dispatch from Port of Spain Trinidad.

Four hundred government troops who landed at Soro for the purpose of retaking Quira, were completely defeated by Gen. Corcega. The government lost seventy killed and many wounded besides 150 men taken prisoners.

Gen. Matos' army, which is marching on Caracas, has reached dCarinas, en route to Guarico, whose reinforcements are awaiting the revolutionary leader. Guarico was recently occupied by a large body of revolutionists, a portion of whom are invading Barabobo district, under the command of Gen. Pedro Conde.

The Barquisimeto district is almost entirely in the possession of the insurgents.

Gen. Valentine Perez has sent 400 insurgents via Barracas.

Gen. Alexander Ducharme is marching from Maturin with a large force to strengthen Cuidad Bolivar, which is still in the hands of the revolutionists. The insurgents have held the town since June 8. Gen. Ayala, with 700 men, in Coro, has been besieged by Gen. Nierra.

**Revolutionists Take a Town.**

Williamstead, I. C., June 18.—News has reached here of an important success of the Venezuelan revolutionists. After five hours fighting Wednesday, June 11, 1000 revolutionists captured La Vella de Coro, a seaport town on the Gulf of Coro. Of the government forces 27 were killed and 128 captured. Coro, capital of the state of Falcon, where Vice President Ayala is in command of the troops of the government, is besieged by the revolutionists, and when these advices left, La Vella de Coro was liable to surrender at any moment.

Pushed by a Steam Shovel.

Texarkana, Tex., June 18.—While assisting to operate a steam shovel on the Texarkana, Shreveport and Natchez railroad track, five miles south of here, Robert Dickson, aged 23, was caught under the scoop of the shovel and crushed, sustaining injuries from which he died two hours later.

## CUBAN RECIPROCITY

Republican Members of Senate Committee Accept Spooner Bill.

### CONFERENCE ASKED

Senator Elkins Says Congress Will Adjourn Without Taking Any Action but Senator Foraker Thinks Some Will Be Taken.

Washington, June 18.—The Republican members of the senate committee on Cuban relations has finally agreed to the acceptance of the Spooner bill providing for reciprocity with Cuba.

After the meeting adjourned the text of the bill was made public. It is a substitute for the house bill and is as follows:

"When the Republic of Cuba shall have enacted a law or laws establishing preferential rates of customs duties on any or all articles the growth, production or manufacture of the United States imported into Cuba, which preferential rates shall in the opinion of the president of the United States constitute a satisfactory equivalent for the reduction hereinafter provided in the rate of customs duties upon articles, the growth, production or manufacture of Cuba, imported into the United States, and he shall so declare by proclamation thereupon and thereafter so long as such preferential duties shall be continued by the government of Cuba, not longer, however, than five years, the duties levied, collected and paid upon such articles so exported from Cuba to the United States shall be 80 percentum of the duties specified in the act entitled 'An act to provide revenue for the government and to encourage the industries of the United States,' approved July 24, 1897, and any amendment thereof; provided however, that it shall be the duty of the president to thoroughly investigate, through the diplomatic representatives of the United States in Cuba and by such other means as he may deem necessary to employ for the purpose, whether the tariff concession hereinbefore provided upon articles the growth, production or manufacture of Cuba substantially inures, so far as the articles of sugar and tobacco are concerned, to the benefit of the producers of said articles in Cuba, and if the president shall be satisfied from such investigation that the substantial benefit of the said concession upon either of said articles is inuring to the purchasers thereof, individual or corporate in the United States it shall be his duty to so declare by proclamation to that effect, and thereupon and thereafter so long as said conditions shall continue there shall be levied and collected upon such articles or that one of them as to which said conditions exist, the rate of duty levied and collected by law upon such article or articles coming into the United States from other foreign countries."

Senators Elkins, Burrows, Dietrich and Foraker later called at the White House and discussed Cuban reciprocity with the president. The attitude of the president now is regarded more that of a listener than an adviser, he having expressed himself in his special message as to the duty of congress toward Cuba. Senator Elkins remarked at the White House that congress would adjourn without action of any kind on Cuban reciprocity.

Senator Foraker on the other hand predicted that some sort of an agreement would be reached before long.

Interest in the question of Cuban reciprocity is centered in the conference of Republican senators in the conference at the request of the Republican members of the committee on Cuban relations.

The sugar men have been so encouraged by recent occurrences that many of them claim that the conference decision will be adverse to any legislation whatever in the interest of Cuba. They still claim 20 Republicans will oppose any effort at legislation on the floor of the senate, and they assert that there are many others of their colleagues who are in sympathy with them and will so express themselves in the privacy of the conference room. This showing they believe will be such as to convince the advocates of reciprocity of the futility of their move and cause them to abandon the effort without taking the question to the senate.

The friends of the measure, however, say there can be no doubt that the conference will have preference for the Spooner bill, and that it will be reported to the senate by the committee having it in charge.

PEACE IN TRANSVAAL.

Surrender Complete and Government in Hands of Civil Authorities.

London, June 18.—A dispatch from Lord Kitchener dated Pretoria, June 16, announces the additional surrender of 915 Boers. This completes the surrenders in the Transvaal. Lord Kitchener concluded as follows:

"I have handed over the South African constabulary to the civil authorities as the necessity for further military operations has ceased."

Irish Will Not Take Part.

London, June 18.—At a meeting the Irish members of the house of commons resolutions to the effect that the Irish Nationalists, as a protest against the government, resolved to take no part in the present coronation ceremonies, and that the Irish party be summoned to meet in Dublin on the day of King Edward's coronation to take into consideration the condition of Ireland, were unanimously adopted.

## HOPKINS WINS.

Defends Harrison in Contest for Control of Illinois Democracy.

Springfield, Ill., June 18.—Clerk of the supreme court—John L. Pickering of Springfield.

State treasurer—George W. Duddleston of Chicago.

Superintendent of public instruction—Anson T. Bliss of Hillsboro.

Trustees of the State university—Dr. J. Holmes Smith of Chicago, J. A. White of Urbana and S. S. Paxton of Monmouth.

Clerk of the appellate court of the Third district—J. H. Baker of Sullivan.

The foregoing ticket was nominated by the Democratic state convention Tuesday, and John P. Hopkins was re-elected chairman of the state central committee after a bitter contest with Carter H. Harrison of Chicago.

The election of Chairman Hopkins produced the only fight in the convention. The day was full of clashes between Hopkins and Harrison. The two men indulged in acrimonious quarrels in the St. Nicholas hotel during the morning, in which Hopkins bitterly resented criticisms made by Harrison. Later Harrison and his friends succeeded in beating Hopkins in the district caucus for state committee man and elected Thomas J. McNally of Chicago in his stead, but in the caucus of the general committee appointed to select the chairman Hopkins gained a victory.

Being selected by a majority, a minority report favoring the election of Harrison was made and the fight carried upon the floor of the convention. This struggle produced wild excitement. The delegates at times were frantic and criticisms highly personal in their nature were frequently exchanged, but the majority report seating Hopkins was passed by a vote of 862 to 397.

In the contests for state treasurer and clerk of the supreme court George W. Duddleston of Chicago and John L. Pickering of Springfield were nominated on the first ballot.

The other nominees were chosen by acclamation.

The committee on resolutions had a long and stormy session before their report was finally adopted. They were so long at this task that all the nominations had been made and half the delegates had left the hall when the report was read and adopted, as follows:

"The Democrats of Illinois in state convention declare their adherence to the fundamental principles of the Democratic party as laid down in the Declaration of Independence and the constitution of the United States and affirmed at our last national convention."

This was considered by the opponents of silver a too specific declaration in favor of the Kansas City platform and headed by John C. Richberg and Adolph Krause of Chicago they fought it. For three hours the debate went on and the plank was amended to read:

"All fundamental principles of the Democratic party, etc., repeatedly affirmed by past Democratic conventions."

No effort was made to bring in the name of W. J. Bryan.

### REBELS HOPEFUL.

They Believe They Will Overthrow Castro's Administration Soon.

New York, June 18.—Owing to the news of an exodus of a large number of President Castro's supporters from Venezuela, coupled with recent defeats suffered by the government, the revolutionists are hopeful of overthrowing Castro in the ensuing month, says a Herald dispatch from Port of Spain Trinidad.

Four hundred government troops who landed at Soro for the purpose of retaking Quira, were completely defeated by Gen. Corega. The government lost seventy killed and many wounded besides 150 men taken prisoners.

Gen. Matos' army, which is marching on Caracas, has reached Carinés, en route to Guarico, whose reinforcements are awaiting the revolutionary leader. Guarico was recently occupied by a large body of revolutionists, a portion of whom are invading Barabob district, under the command of Gen. Pedro Conde.

The Barquisimeto district is almost entirely in the possession of the insurgents.

Gen. Valentine Perez has sent 400 insurgents via Barracas.

Gen. Alexander Ducharme is marching from Maturin with a large force to strengthen Ciudad Bolivar, which is still in the hands of the revolutionists. The insurgents have held the town since June 8. Gen. Ayala, with 700 men, in Coro, has been besieged by Gen. Nierra.

Revolutionists Take a Town.

Willamstead, I. C., June 18.—News has reached here of an important success of the Venezuelan revolutionists. After five hours fighting Wednesday, June 11, 1000 revolutionists captured La Vella de Coro, a seaport town on the Gulf of Coro. Of the government forces 27 were killed and 128 captured.

Coro, capital of the state of Falcon, where Vice President Ayala is in command of the troops of the government, is besieged by the revolutionists, and when these advances left, La Vella de Coro was liable to surrender at any moment.
